Canada 

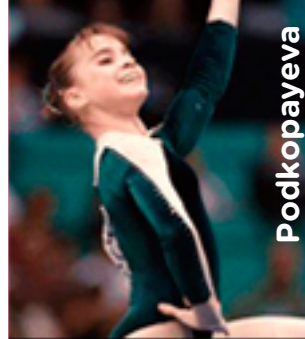

The history of l'International Gymnix

L'INTERNATIONAL GYMNIX women's artistic gymnastics competition exists since 1991. This unique event in Canada groups together the Canadian and world's elite in a festive atmosphere which combines performance and friendship. As one of the rare international competitions that offer apparatus raised on podium, this event is sought after by Canadian gymnasts. In 1995, the CLASSIQUE GYMNIX was created to welcome athletes from the provincial and national categories.

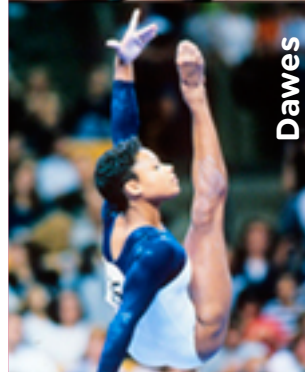

We are very proud to mention the names of a few world renowned gymnasts who have competed in previous editions of L'International Gymnix, notably the 1996 Olympic all-around champion Lilia Podkopyayeva and team champion Dominique Dawes, the all-around 2004 champion Carly Patterson, the 2007 world champion, Shawn Johnson, the 2011 world champion and Olympic team champion, Jordyn Wieber, and the 2010 world champion and 2012 Olympic bars champion, Aliya Mustafina.

In 2009 and 2010 male and female gymnasts from the World Cup circuit made a stop in Montreal for the first time since the 1985 World Championships. The Montreal audience marveled at the athletes' performances throughout these two unique events in North America.

Since 1991, gymnasts from all continents have filled the podium of L'INTERNATIONAL GYMNIX coming from Australia, Japan, Israel, France, Belgium, Spain, Switzerland, England, Austria, Russia, Ukraine, Byelorussia, Uzbekistan, Brazil, Argentina, Mexico, Colombia, Peru, Finland, Jamaica and the United-States.

Daring and transcendence

Brianna Clark's career has nothing to envy to anyone. Our Quebec star of the 2014 edition was a member of the national team from the age of 12 and all-around champion of «Open Massilia» in 2010, in Marseille, France. She was also Novice Canadian cham-

pion on beam in 2011, Junior Canadian champion on bars in 2013 and received the highest all-around score of the 2012-2013 season in Canada, for the Junior category. This 15-year-old athlete who loves traveling is an inspiration to her family and friends by her determination and discipline in the sport. She likes to excel and masters new skills that her opponents cannot perform.

Come meet Brianna during our awards ceremony on the 2nd floor of the Complexe Sportif Claude-Robillard. She will be happy to autograph your poster of the event.

« The wings » fundraising campaign

Since January 2014, Gymnix organized a support campaign to help its competitive gymnasts to reach their full potential. «The wings» program allows sponsors and donators to have a direct impact on Gymnix elite gymnasts' careers. All funds collected aim to carry out development projects such as training camps and competitions.

Each gymnast has her wings...

*« The wings help me to go higher, stronger, faster, further.
They support and comfort me through the toughest moments.
The wings take me closer to my dream everyday...
They are magical ».*

You can also contribute to the fulfillment of their dream by becoming a sponsor or a donator to the program.

Marilou Cousineau inducted into the Quebec Sports Hall of Fame

Born in Repentigny on September 19, 1978, Marilou Cousineau began gymnastics at the age of 5. She joined Club Gymnix at 9 years old. It is at this young age that she became the youngest gymnast in Quebec to perform a double salto on floor during a competition! Two years later, she took part in her first international competition, the Massilia Trophy, in Marseille, France.

Quebec champion in the Novice category in 1990 and Junior category in 1991, she was crowned Senior Canadian Champion in 1993. Cousineau was a member of the women's Senior National Team, representing Canada at several international competitions including five World Championships (Birmingham 1993, Brisbane 1994, Dortmund 1994, Sabaye 1995, San Juan 1996). In Brisbane, Cousineau was ranked 24th in the all-around, 17th on floor and 18th on Uneven Bars. So far, Marilou still holds the Canadian record for the most participation at World Championships.

Cousineau obtained her best international result at the Internationaux de France in 1996, where she finished second on vault ahead of the World co-champion.

Marilou Cousineau showed innovative acrobatic gymnastics throughout her career and, in 1994, became the first Quebec athlete to enter her name in the FIG Code of Points. This acrobatic element on beam is called the "Cousineau".

At the end of her gymnastics' career, Cousineau was an acrobat on Cirque du Soleil's La Nouba show at Walt Disney World. She is now the coordinator and a teacher of circus arts at the National Circus School in Montreal.

Marilou has accumulated honors. In 1988, she was the recipient of the Mercurialis of the year awarded by Club Gymnix. She was named Athlete of the Year by Gymnastics Canada in 1993-1994 and by the Quebec Gymnastics Federation in 1996. In addition, in 1995 and 1996 respectively, she was awarded the Marcel Bonin and Philippe Chartrand awards. In 2011, she was honored with the Prix Reconnaissance UQÀM given by the Faculty of Science.

From a publication by the Quebec Sports Hall of Fame

Marilou Cousineau was inducted into the Quebec Sports Hall of Fame on November 12, 2013, along with Chantal Petitclerc, Gary Carter, John Limniatis, Peter Stastny and Maurice Leclerc. A great achievement!

Gymnix Club

COMPETITIVE PROGRAMS

All of the competitive categories recognized by the Quebec gymnastics Federation are offered by our competitive program. To get into this program one must first audition for the Club-École. This is a pre-competitive program, for 4 to 9 years old girls, that trains them according to their corresponding orientation chosen by the coach, the parents and the child. After this stage, the gymnasts can move on to regional, provincial, national or international levels.

The girls are put into small groups and are taken care by their respective coach along with dance, physical preparation, sports psychology and nutrition specialists depending on their level of competition. To reach their goals, the gymnasts train between 4 to 30 hours a week and 40 to 49 weeks per year.

RECREATIONAL PROGRAMS

These programs offer recreational activities for kids aged 2 to 15 years old, 3 times a year: fall, winter and spring. During the summer, the club offers a gymnastics day camp.

The toddler and young children program

For the children aged 2 to 6, the activities are essentially centered on psychomotor development allowing children to develop and master basic skills:

Motor skills: to run, to crawl, to climb, to turn, to jump, to throw, to hop, to catch.

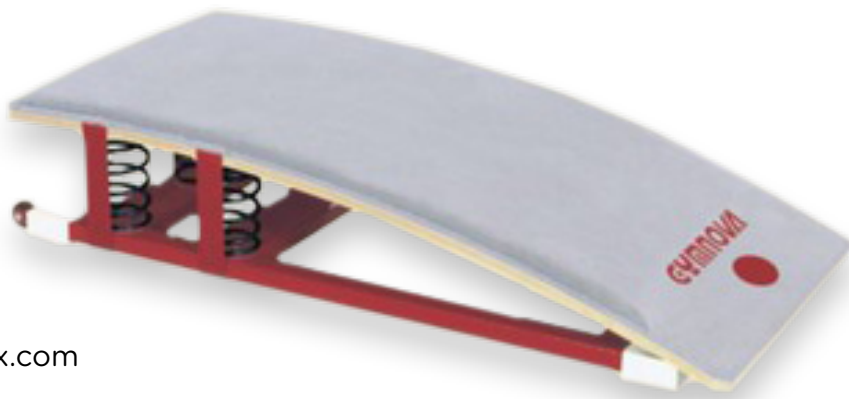

Perceptive-motor skills: coordination, agility, corporal perception, space perception, rhythm.

These abilities are developed by using a pedagogical method that maximizes the time of the activity and a diversity of experiences: the circuit.

Recreational program

For the children aged 6 to 15, the activities aim to teach the different gymnastic elements required on vault, uneven bars, balance beam, floor and trampoline. The children are grouped together according to their age and level and the classes are 2 hours a week.

Gymnastics

the foundation sport

For All Physical Activity and Sports

Gymnastics is recognized by the International Olympic Committee as a foundation sport because it plays a crucial part in the development of fundamental movement patterns and sport skills. Early participation enables children to enjoy a healthy and active lifestyle for a lifetime. Some of these children will go on to become Olympic champions and mentors inspiring young Canadians to participate in sport. All of them will be equipped with physical, mental, social and emotional abilities gained through the sport of gymnastics.

Gymnastics Canada, the Provincial/Territorial Gymnastics Federations/Associations and clubs across Canada work together to fund and deliver gymnastics programs appropriate for each stage of athlete development.

LONG TERM ATHLETE DEVELOPMENT (LTAD)
