STEPS TO REGISTER FOR IG2024

- 1. Registration opens on Monday, September 25 at 12PM (EST).
- 2. Athletes will be accepted on a first come, first served basis. You will automatically know if your athletes are accepted on the waiting list.
- 3. Meet fees will have to be paid by November 20.
- 4. Our categories fill up very quickly. If your athletes are put on a waiting list, don't lose hope! We will likely be able to accept them following registration cancellations.

GENERAL

There are two methods to register your club for the event:

1. For clubs that have never registered to a competition using SportzSoft and do not have a SportzSoft number; you must manually register or import your athletes and coaches' information.

2. For clubs who have already used SportzSoft and/or already have a SportzSoft number; you can use your user ID number to log in. You will then be able to select your athletes and coaches already available in your club's database.

To register your athletes, you can either manually enter your athletes and coaches' information, or download a .csv document (see Section 2).

1.2 METHOD 2 – Clubs that already have a SportzSoft account

What is a SportzSoft club number?

The SportzSoft club number your user ID (ex: AB1234) as well as a password that allows you to register your athletes and coaches to an event that uses the SportzSoft system. When you login using this number, you should see a list of athletes and coaches that have participated in past SportzSoft meets. You can directly select participants from your account and manually add those who are missing.

What if I do not have my SportzSoft number or do not know my club's number?

Only clubs that have already registered to a meet that uses SportzSoft can enter their number. First, please contact your main contact at your club to double check if you do have an account. If they do not know your number, contact SportzSoft directly at support@sportzsoft.com and one of their employees will be able to recover your account.

Is the same number used for MAG and WAG event?

Yes, if your club has used the SportzSoft system before, regardless of gender.

How is it used?

The number can be used in two ways.

- To register in an event.
- To login once your club is already registered for the competition. You can add, remove, or modify entries and pay online. Please note that you must be registered to the competition to log into your account.
